# Beef BBQ

Peebles FFA Members attended and worked the Adams County Beef BBQ on Thursday, September 7th. Our chapter's duties included uncovering the pit and

taking the meat out. Members then load the meat onto a truck for transportation to

the kitchen, where it is unwrapped, and sandwiches are prepared. This year we had 39 students come out to help with our responsibilities and we greatly appreciate each and every one of them.

# Rural Soil CDE

Throughout the month of September, our **Rural Soils CDE** judging team has been studying hard and preparing themselves for the District 9 Rural Soils Judging Contest, which will be held on October 2nd. Members of the team include: Blake Smalley, Stephanie Osman, Kaelin White, Hunter Johnson, Joseph Crum & Kamden Crum.

# OTD Parade

This year the Old Timers Day parade was held on Sunday, September 17th. We had 24 members participate in this year's parade. The Old Timers Day parade provides a fun time for the members to meet our community members, thank community members for their support of our program and show to their pride of the FFA. Members had a great time together and can't wait for next year!

# Farm Science Review

26 FFA Members attended the Farm Science Review which is the largest agricultural Fair. Students traveled to London, Ohio on Tuesday, September 19th. Students were exposed to the newest agricultural practices, inventions, & research, as well as up-to-date information & technologies in agriculture. Students had the opportunity to explore the many possibilities that the agriculture industry has to offer them in future careers.

# FFA Meeting

17/18-2

The September FFA meeting was held after school on September 5th. 43 FFA Members attended the September 2017 Meeting, on Tuesday the 5th; President Jessica Newkirk discussed the plans for the Adams County Beef BBQ. Members were informed that money for convention was due on September 18. Members going to Farm Science Review were told to bring in \$7.00 by the 18th or they would have to pay \$10.00 at the gate. It was announced that design #2 won the vote and a motion to order 100 shirts was made. Members were told that they would have the opportunity to sell pumpkins again. A motion was made to sell pumpkins at the PES Fall Carnival.

## FFA Broilers

Our broiler chickens were delivered on September 20<sup>th</sup>, since then members have worked each day to ensure the chicks are growing accordingly. We utilize the broiler project in many ways in our Chapter & in the classroom. A few students are using this as their SAE Project to gain hands-on experience beyond the classroom, Mrs. Minton used the chickens in a lesson on animal behavior and handling. This gave members an opportunity to see a production project from start to finish. We will slaughter & process the broilers in Mid-November.

## National FFA Convention - I Can. We Will.
