## Broiler Project

Members utilized the broiler project for SAE's, classroom lessons and after school FFA work hours. Many members were able to take part in daily care such as feeding, watering, health checks & pen cleaning. This is our chapters only project where members are able to see the full production cycle from start to finish, therefore serving as a great learning experience. Members participated in assisting in the slaughter and cleaning of the 100 broilers. Many students & volunteers finished processing in a record of 2 & 1/2 hours. The broiler harvesting & processing is an annual event; we donate many cleaned chickens to our local food pantries & will eat much of it at our annual FFA Banquet.

## Ripley's Leadership Night

On November 16, members of the Peebles FFA chapter attended the Ripley Leadership Night. At the Leadership Night, state officers Grace and Grant Lach, gave a presentation on how members become successful by going above and beyond the limits they put on themselves and led the group in a handful

of activities that involved: FFA trivia, corn hole, keychain making, and several others. Members then enjoyed pizza and headed home.

This was a great experience for our chapter and the members that attended learned many valuable skills.
