Beef BBQ

Peebles FFA Members attended and worked the Adams County Beef BBQ on Thursday, September 6th. Our chapter's duties included uncovering the

pit and taking the meat out. Members then load the meat onto a truck for transportation to the kitchen, where it is unwrapped, and sandwiches are prepared. This year we had 24 students come out to help with our responsibilities and we greatly appreciate each and every one of them.

Rags to Riches

This year at Old Timers Day, our FFA Chapter set up a booth and sold products made from the senior's business project. These products were comprised of old T-Shirts. In total, we made over \$820 to put towards the chaperones that will be joining us on National Convention in October.

FFA OFFICERS:

- Pres:** Jerilyn Garrett
V.P: Whitney Bauman
V.P: Carlie Cluxton
Sec: Emily French
Trs: Braden Arrasmith
Rep: Makenzie Wait
Sen: Stephanie Osman
Adv: Taylor Cluxton

OTD Parade

This year the Old Timers Day parade was held on Sunday, September 16th. We had 22 members participate in this year's parade. The Old Timers Day parade provides a fun time for the members to meet our community members, thank community members for their support of our program and show to their pride of the FFA. Members had a great time together and can't wait for next year!

Farm Science Review

On Tuesday, September 18th, FFA Members attended the Farm Science Review, which is the largest agricultural Fair and is located in London, Ohio. Students were exposed to the newest agricultural practices, inventions, & research, as well as up-to-date information & technologies in agriculture. Students had the opportunity to explore the many possibilities that the agriculture industry has to offer them in future careers.

FFA Meeting

18/19-2

The September FFA meeting was held after school on September 4th. 52 FFA Members attended the 2018 meeting. President Jerilyn Garrett explained the plans for the Adams County Beef BBQ. Members were informed that money for convention was due on September 18th. Members going to Farm Science Review were told to bring in \$7.00 by the 18th or they would have to pay \$10.00 at the gate. It was announced that money for FFA Jackets was due by the 10th in order to have them before National Convention and that Officer in Training applications were due by Sept. 28th. It was asked of members to submit T-Shirt designs for this upcoming year.

FFA Broilers

Our broiler chickens were delivered on September 19th, since then members have worked each day to ensure the chicks are growing accordingly. We utilize the broiler project in many ways in our Chapter & in the classroom. A few students are using this as their SAE Project to gain hands-on experience beyond the classroom, while Mrs. Minton used the chickens in a lesson on animal behavior and handling. This gave members an opportunity to see a production project from start to finish. We will slaughter & process the broilers in Mid-November.

National FFA Convention - Just One.

If you are still interested in attending national convention you need to see Mrs. Minton. There are still plenty of spots available; if there is a financial issue please see Mrs. Minton. We would love to have you attend with us.
