## Broiler Project

Members utilized the broiler project for SAE's, classroom lessons and after school FFA work hours. Many members were able to take part in daily care such as feeding, watering, health checks & pen cleaning. This is our chapters only project where members are able to see the full production cycle from start to finish, therefore serving as a great learning experience. Members participated in assisting in the slaughter and cleaning of the 99 broilers. Many students & volunteers finished processing in a record 2 & 1/2 hours. The broiler harvesting & processing is an annual event; we donate many cleaned chickens to our local food pantries & will eat much of it at our annual FFA Banquet.

## Miami Trace Leadership Night

On November 14, members of the Peebles FFA chapter attended the Miami Trace Leadership Night. Before heading to Miami Trace, the chapter made a pit stop at Speed of Light Laser Tag. Members enjoyed playing laser tag and arcade games. At the Leadership Night, the state officers gave a presentation on how to recognize, strategize, and publicize our passions and led the group in a few hands on activities. Members then enjoyed pizza and headed home. This was a great experience for our chapter and the members that attended learned many valuable skills.
