Adams County Fair

Adams County Fair was held the week of July 7th and ran through July 13th. A lot of preparation went into our fair week. Members that raised livestock projects have been busy all year just to

lead up to this week. For many people, fair week is the highlight of their year; it's what everything leads up to. This is the week when you find out if all of your hard work has paid off, or if you fell short. Fair week is always bustling with activity, exhibitors taking care of their livestock, Junior Fair Board members running around trying to fix problems, advisors helping in anyway possible, and the people of the public always come out to support the youth of the county. This year we had five members on the Adams County Junior Fair Board. These members include; Kaelin White, Braaden Arrasmith, Carrington McGlothlin, Carlie Cluxton, and Whitney Bauman. They all worked very hard throughout the week working shows and in the Junior Fair Board office to make sure the fair was a success. Fair week kicked off on Sunday, with the parade in the evening which is then followed by the Queens' Contest, where the royalty for the week is crowned. This year our members were successful in each of their projects and represented our chapter well. The sheep show kicked off our Monday evening, starting with showmanship, then breeding, followed by the market lamb show.

FFA OFFICERS:

Pres: Carlie Cluxton
V.P: Makenzie wait
V.P: Braden Arrasmith
Sec: Emily French
Trs: Alisan Behr
Rep: Brycelyn Short
Sen: Matthew Hudgel
Adv: Carrington McGlothlin

Fair Week continued

Rabbit showmanship was also held Monday night. Tuesday was a very busy day. It started with the breeding rabbit show followed by the market rabbit show, which lasted well into the afternoon. Also held on Tuesday was the livestock judging contest in which many of our members competed. Tuesday afternoon the dairy goat show was held followed by the swine breeding and market show. Wednesday morning was the crop and shop project judging. Also held Wednesday morning was the poultry show and swine showmanship. That evening was the goat show, starting with showmanship, then breeding, and ending the night was the market goat show. Thursday was the beef show. The morning began with beef showmanship. It was followed by the beef breeding show and then the feeder calf show. The night ended with the market beef show. On Friday was the open dairy show, and later, the small animal and baked good sale. On Friday night was the awards round-up followed by the showmanship sweepstakes contest. Wrapping up the fair on Saturday was the livestock sale, demolition derby, and barnyard Olympics. The Adams County Fair provides our FFA chapter with many different opportunities, and is a way for our members to interact with other farmers.
