Back To School Night

On Monday, August 17, 2015 the Peebles FFA Chapter hosted a back to school night to encourage incoming FFA members to get excited about participating in chapter activities this year. The officer team decorated the room and brought in refreshments to offer to the visiting students and parents. The visiting time was from 4pm until 7pm. Many incoming FFA members visited the agriculture room to learn about the in class experience, as well as the FFA part of agriculture classes. The FFA officers served as hosts to the Ag room and ambassadors to the Peebles FFA Chapter. They helped to welcome parents and students alike, had the chance to talk one-on-one with individuals about the FFA program and all that it entails. All in all, back to school night was a success and the incoming students are looking forward to their year in agriculture education and FFA!

State Fair Pork Booth

Peebles FFA Chapter members traveled to the Ohio State Fair on August 3, 2015 to volunteer their time to work the pork producer's booth. The members and volunteers spent the morning enjoying the fair and the evening working the booth. We partner with the Pork Producers each year to create a working relationship with the organization. We work

for them and they donate items for us to use during our 3rd Grade Ag Day

Program and give us \$100 for our volunteer work. While working the booth members met many new people and got to explore "The Taste of Ohio's" booths such as: Dairy, Pork, Chicken, Beef, and Lamb. While working at the Pork Booth

members kept food items filled, put meals together and served refreshments to the customers. All together this was a great learning experience for our chapter members and members can't wait to go back next year!
